Surface Sanitiser Spray

Even seemingly clean surfaces can harbour vast numbers of harmful bacteria. Easy to use Safeseat® provides the individual with the opportunity to clean and sanitise surfaces such as toilet seats effectively before use.

Safeseat® sanitising chemical is ultra quick drying and will kill up to 99.9% of common germs. Patented 'sealed until installed' pouches ensure installation of refills is quick, simple and contamination free.

Effective against all harmful bacteria commonly found on and around toilet seat fixtures, surfaces and other fixtures and fittings.

Mildly perfumed refills. Each refill has 3000 spray capacity for typically 1000 cleaning operations

Part of a co-ordinated range of dispensers

Ideal for areas such as washrooms, offices, toilet areas, care homes, hotels, reception areas, and school classrooms. Installing Safeseat® surface sanitiser system is a positive demonstration of commitment to staff, visitor & customer welfare.
